Explore High Point Design Center During "Unity In Design" Refresh Yourself and Your Business for 2009 Survive and Thrive in This Economy

A great idea was born in January 2008 with the formation of Design Professionals of North Carolina – an alliance of ASID Carolinas, High Point Design Center, IDS, IIDA Carolinas and NKBA. DPNC was created to serve as the unified voice of interior designers statewide. We gathered to fight a detrimental sales tax issue (and succeeded), but soon realized what a force we could be serving the design community. We worked together to create the concept of "Unity in Design". As your host, High Point Design Center desires to bring you four days of valuable opportunities.

REGISTRATION FORM & PAYMENT INFORMATION
